

PFA Conference & Trade Show APP

The APP is for PFA Members and Vendors ONLY, and is useful if you are attending the 25th Annual PFA Conference & Trade Show at the Sheraton Hotel and Marina in San Diego in 2019.

How To Access the PFA TRADE SHOW APP

This APP is free, but it is password protected. If you signed up for the APP we used last year for this show, you click on the icon, you will be prompted to provide the new password indicated below. The APP will work on any Android phone as a native app, or in your browser as an HTML5 app on any other smart phone (i.e. iPhone, Blackberry, etc.). You can also use this from a desktop computer, iPad, etc.

- **Android Users**
 - Android users can use this as a native app, which means you can click on the link below and you can access the app from the special app store by selecting the PFA icon. This will download the app right to your phone. NOTE: you may need to enable third-party app installation in the 'settings' on your device.
- **iPhone, Blackberry Users**
 - Other smartphone/tablet users will need to use your browser to access this as an HTML5 app. Once you click on the app, and you are in the home page of the app, just save this to your FAVORITES in your browser. Anytime you wish to access the app, just find the PFA HP Expo page on your favorites and click.

How to Install the APP

You can install it here: <http://theapp.mobi/pfaannualtradeshow>

Be sure to click the appropriate download – Android Native or HTML5.

The password is PFAShow2019
